The Noisemakers Coverband was founded in 2011 and lives up to its name ever since. By now, Luxembourg's music scene and nightlife can no longer be imagined without the crazy bunch that heats up any venue, be it a concert hall, a corporate gig, or a private birthday party. Some highlights certainly include the National Day celebrations in the capital, the *Emaischen* in Nospelt, or the yearly *Zürcher Bal* since 2013. Due to their broad repertoire, they fit into any kind of event and are capable of satisfying the musical expectations of all ages by making everybody sing and dance along.

The Noisemakers' setlist spans from the 80s, 90s, with songs from ABBA and Queen, all the way to the 2000s (e.g. Bruno Mars, Black Eyed Peas), and today's hits. Their self-arranged medleys and the large ensemble with brass instruments have become their trademark.
